“ Aunt Esther was a very special talented woman. She loved to sing gospel songs, and loved her Church. We even sing together in her home. We talked about everything. And we laughed a lot too. She cared so much about her family and friends until the end. She was strong and lived a good long life. She will always be missed at the family gatherings during the Holidays. And her scrumptious Pineapple Upside-down Cake, and Apple Pie. See you again one day in Heaven my second Mom. Love you and the family always!
